**INTELICOAT MAGIC® FAB-6 MEDIA HELPS MIMAKI WIN TOP HONORS IN  
THE 2005 DPI PRODUCT OF THE YEAR COMPETITION**

**SOUTH HADLEY, Mass., December 20, 2005** – Intelicoat Technologies®, a world leader in the manufacture of coated paper, film and specialty substrates for imaging and electronic technologies, today announced that Mimaki’s JV22-160 received top honors in the 2005 Digital Printing & Imaging Association (DPI) Product of the Year Award “Fabric Print” category with an image printed on Magic® FAB-6 indoor/outdoor fabric banner. The honor was announced during the Specialty Graphic Imaging Association (SGIA) Digital Expo in Phoenix, AZ from December 8-10, 2005.

Magic FAB-6 is a 6.8 mil, 100% polyester-woven fabric ideal for producing flags, displays, window decorations, pop-up displays and window backlits. Its unique ink jet coating provides compatibility with a wide variety of thermal and water-based piezo printer systems.

The 2005 DPI Product of the Year Award is not the first time that Magic FAB-6 has helped Mimaki achieve top honors. Mimaki’s JV22-160 printer also received the 2004 DPI Product of the Year Award in the fabric print category with an image printed on Magic FAB-6 fabric banner.

“Both this year and last, we chose Magic FAB-6 for our DPI Product of the Year entry because it is a high-quality media option, which enables the best-looking image possible,” said Steve Urmano, marketing manager at Mimaki USA. “We continually use and recommend many of Intelicoat’s Magic products because of their unmatched reliability and quality.”

“Mimaki’s printers truly stand out in the market and we congratulate them on their continued success in

the DPI Product of the Year Awards,” said Ed McCarron, marketing manager, digital imaging at InteliCoat Technologies. “Both Mimaki and InteliCoat share a commitment to advancing digital imaging capabilities, and we’re delighted to be able to help optimize Mimaki’s performance with our media.”

For more information about Magic FAB-6 or other Magic brand media, call 800-628-8604 or visit the Web site at [www.magicinkjet.com](http://www.magicinkjet.com), where free sample rolls may be requested.
